

Resiliency Lunch and Learn Series (2025 Edition) Resumes February 26th!

On **26 Feb from 1200-1330**, the New York City Post of the Society of American Military Engineers (SAME) will host a panel discussion titled “Satisfying Electric Power Demand with Nuclear Energy” The session moderated by Lt. Colonel (retired) Joseph Porrovecchio (SAME NYCity Post, Chairman, Environmental Affairs and Advanced Technology Committee) will provide meaningful information and lead the discussion with panel participants Jim Saldarini (formerly Chief Nuclear Engineer, Bechtel), Joseph Costello (formerly VP Projects and Program Raytheon Nuclear), and Dr. John Mauro (NJ State Commissioner of Radiation Protection). Key points or learning objectives include (1) understanding the electrical demand, (2) how we satisfy this demand for electricity, and (3) how the next generation of nuclear addresses satisfying this demand. This discussion serves as a continuation of the February 27, 2024 lunch and learn session (video recording here: <https://www.youtube.com/watch?v=ZtCMvuKzhTI>).

Attending this session enables participants to earn 1.5 PDHs towards maintaining Professional Engineer licensure. We are seeking approval for this course for 1.5 GBCI CEUs and 1.5 AIA LUs. PDHs and CEUs are only available for those attending the live session. To join the session, please use the link below. You are welcome to forward this invite to others whom you feel may benefit from this session. I respectfully ask you to add your own calendar invite with the information below if you did not already receive a calendar invite.
