The Society of

American Military Engineers

ANNUAL REPORT TO THE MEMBERSHIP 2018

Letter FROM

The President, NYC Post

COL F.H. (Bud) GRIFFIS USA (RET.)

Dear Friends and Colleagues,

Welcome to the New York City Post's 78th Annual Scholarship Dinner Dance!

Thank you for joining us tonight as we award scholarships to students from more than 75 colleges and universities across the nation.

It is my pleasure to provide you with our Annual Report. Once again, the New York City Post of the Society of American Military Engineers (SAME) has achieved tremendous results and remains one of the most prominent Posts in the nation. This document summarizes the Post's activities for the 2017/2018 year and provides the status of our Scholarship Fund. Since 1955, the New York City Post Scholarship Fund has helped 6,000 students pursue a career in engineering, technology, science, and mathematics. Our Scholarship fund continues to support the best and brightest engineering and architecture students from across the country. We continue to surpass our numbers each year.

Our Endowed Scholarships are strong at 211. The Scholarship Dinner Dance serves as the centerpiece of an active Post schedule that includes numerous other dinner meetings and technical sessions, many with other SAME Posts or industry societies. Our events provide valuable opportunities for professional development and networking for public and private sector members and colleagues throughout the engineering, architectural and construction community.

In addition to tonight's Dinner Dance, the West Point Branching Dinner slated for May 1, 2009, is the other marquee event. Here the NY City Post, in partnership with the Army Engineer Association, welcomes members of the graduating class into service as Corps of Engineers Officers in the United States Army. With an ethos that embraces the highest professional standards, the NY City Post is doing its part to achieve the SAME vision to lead in the professional and personal growth of all members, enabling the development of solutions to national security challenges. To our 281 Sustaining Member firms and our 283 individual members, a special note of thanks for your continuing loyalty, and a personal message of gratitude to our Directors, Post Officers, Special Advisors, and Committee Chairs for their commitment, enthusiasm and time.

Without you and your financial support, the Scholarship Dinner Dance, and the many other great events the NY Post conducts, would not be possible.

Sincerely,

COL F.H. (Bud) Griffis USA (Ret.)
President, NYC Post

Letter FROM

SAME National President

COL. MARVIN N. FISHER, LEED AP,
F.SAME, USAF (RET.)

Welcome to the 78th Annual Dinner Dance to benefit the New York City Post Scholarship Fund. This annual event showcases the impact that SAME Posts can have in supporting the development of our industry's next-generation of STEM professionals and leaders.

To all the 2018 scholarship recipients who will be honored here tonight: You are now among a storied list of professionals who have been supported by the New York City Post Scholarship Fund over the last 60 years, including luminaries such as Dr. Charles Thornton, who was a scholarship recipient of the Post in 1961, and later went on to found internationally recognized engineering firm Thornton Tomasetti. I congratulate you on your accomplishments to date, wish you continued success in your education, and, on behalf of SAME, look forward to your future contributions to our profession and our nation.

I also would like to congratulate this evening's special honorees, including Military Guest of Honor, Rear Adm. Melvin Bouboulis, USCG, Assistant Commandant for Engineering & Logistics, and Chief Engineer, U.S. Coast Guard. Thank you for your continued service to our nation, and your support of SAME as an Engineering Service Chief and member of our Uniformed Services Advisory Group.

Over the last year, I have been fortunate to visit SAME Posts around the world, as far away as Guam and Alaska, to see the impact our members are having as we build momentum towards our Centennial in 2020 in Enhancing Industry-Government Engagement, Developing Leaders for the Profession, Producing STEM Professionals for the Nation, Preparing Veterans for the A/E/C Industry, and Strengthening Resilience Throughout the Country—the five pillars that will set the strategic direction for our second century of service.

We are doing amazing things as a Society, including awarding more than \$1 million, collectively, last year in scholarships to aspiring STEM professionals. But imagine the power of what we could achieve if we all did “just one more”—if we mentored one more young professional at our firms or inspired one more youth at a science fair; if we spent one more day supporting a community service project in our local community, or helped our Post organize one more technical session at an industry workshop; if we helped send one more aspiring engineer to a STEM Camp, or hired one more veteran at your company. It will be pretty incredible!

It is my honor to serve as the 99th National President of SAME. Thank you for everything you are doing as members, and as a Post, to make a difference.

A handwritten signature in dark ink, reading "Marvin N. Fisher". The signature is fluid and cursive, with the first name being the most prominent.

Letter From

LETTER FROM SAME Executive Director

BRIG. GEN. JOSEPH SCHROEDEL,
USA (RET.)

For 78 years, the New York City Post's Annual Dinner Dance has set the standard across SAME for coming together to help support the next generation of leaders in our profession. My sincerest congratulations to the New York City Post and especially to the organizers of this storied event for the impact you continue to have on our Society and our nation.

Since its inception in 1955, the New York City Post Scholarship Fund has provided more than \$5 million in scholarships to nearly 6,000 engineering and architecture students. What an incredible contribution to America's future!

This Annual Dinner Dance champions the Scholarship Fund and enable the program to continue to make a difference for youth in our profession. In 2018, more than 200 aspiring engineers and architects will be recipients of scholarships thanks to the success and continuity of the Scholarship Fund. From each of us across SAME, thanks for your vision and the tremendous impact your program has had on our nation for more than half a century.

To this year's scholarship recipients, congratulations! You join a long list of distinguished engineers and architects who have been recipients of these scholarships in years past and who have gone on to successful careers making a difference for our nation.

Most importantly, SAME's investment in you does not stop tonight! Stay engaged with SAME during your studies and remain connected to the companies and leaders you meet tonight so that you may benefit from the mentoring and support that awaits you during your college career and beyond. As it has been for nearly 100 years, SAME is here to support you, the future engineering professionals of our country.

To all attending tonight, especially our service engineering chiefs and distinguished guests, thanks for your service to our nation, to our profession, and to America's future.

A handwritten signature in black ink, reading "Joseph Schroedel". The signature is fluid and cursive, with the first name "Joseph" and last name "Schroedel" clearly legible.

Report From

R E P O R T F R O M

President, Scholarship Fund

COL F.H. (Bud) GRIFFIS USA (Ret.)

The market value of your Scholarship fund is **\$3,226,178**. As in the past, the fund owes a debt of gratitude to the people who help with the fund. Judy Cooper, Judy D. Cooper Communications, vice president of the fund and past president of the Post; and the board of directors consisting of Dominick Servedio, STV Group; and Vinny Mangiere, Jacobs Engineering. We have to thank Jim Parks our treasurer and again, Judy Cooper and her student relations committee who next year will deal with 211 students at over 70 colleges and universities. Jim is retiring this year from being treasurer after several decades of service. I will really miss him.

This year your scholarship fund is helping educate 211 young engineering and architecture students throughout the nation.

In January 2017, Tom Lewis donated the **210th named scholarship in honor of his parents, The Richard and Shirley Lewis Scholarship**, that will be awarded to an engineering student at the University of Connecticut. Tom is President of Louis Berger US, and a long-time supporter of the NYC Post.

In October 2017, Eric Hirani donated the **211th named scholarship, The Eric, Jiten (Jim), Sarita, Neil, and Alyssa Hirani Scholarship** to be awarded to an engineering student in the FU School of Engineering at Columbia University. Eric is the President of Infinite Safety, Quality & Construction Management, Inc.

This scholarship fund was started by Joe Markle, a distinguished New York Construction Attorney. Joe died in 1989 when he was 89. Since that time the fund has awarded scholarships to 4,016 engineering and architecture students. Since Joe died, the success of the fund is a credit to the members of the New York City Post of SAME; so my congratulations to all members of the New York City Post of the SAME and their companions and guests. This is your Scholarship Fund, raised without the cost of a single stamp, and will continue to grow and make a difference in New York, the nation and the world by providing educated architectural, engineering, and construction leaders.

DANCING — HANK LANE MUSIC AND PRODUCTIONS

Letter

from the Dinner Dance Chairman

COL JOHN BOULÉ II, USA (RET.)

DINNER DANCE CHAIRMAN

On behalf of the Dinner Dance Committee, it is my sincere pleasure to welcome you to the 78th Annual Society of American Military Engineers New York City Post Scholarship Fund Dinner Dance.

The Committee has planned an excellent program, and we hope that you will have a delightful time tonight. This evening's focus is dedicated to giving recognition to our Guest of Honor, our awardees, special guests and, most importantly, our scholarship recipients. As we honor these students, their achievements and the academic institutions they attend, we would also like to thank those—in whose names these scholarships are awarded—who had the vision and generosity to support this amazing program and those who made sacrifices so that others could achieve their dreams.

On behalf of the New York City Post and the Dinner Dance Committee, thank you for being a part of this evening's event and for your support of the New York City Post and our exceptional scholarship program. It is through your generous support that we will be able to continue to offer financial assistance to our future generation of leaders.

Thank you again for coming and enjoy the evening!

Sincerely,

A handwritten signature in dark ink, appearing to read 'John', followed by a long horizontal flourish.

COL John Boulé, II, USA (Ret.)
78th Annual Dinner Dance Chariman

Guest of Honor

Rear Admiral Melvin W. Bouboulis

ASSISTANT COMMANDANT FOR ENGINEERING & LOGISTICS,
UNITED STATES COAST GUARD

Rear Admiral (Lower Half) Bouboulis currently serves as the Assistant Commandant for Engineering and Logistics (CG-4) as the Coast Guard's "Chief Engineer". In this role, he is responsible for all naval, aeronautical, civil and industrial engineering and logistics for the service's 23,000 facilities, 230 ships, 1,800 boats and 200 aircraft. He is also responsible for executing an annual budget of \$1 billion, and leads 5000 personnel assigned to Coast Guard Headquarters, Aviation Logistics Center, Surface Forces Logistics Center, Shore Infrastructure Logistics Center, and the CG Yard. He previously served as the USCG District Eight Chief of Staff, supporting U.S. Coast Guard operations spanning 26 states including the Gulf coastline from Florida to Mexico, the adjacent offshore waters of the Gulf of Mexico, and the inland waterways of the Mississippi, Ohio, Missouri, and Tennessee River.

Prior to that, Rear Admiral Bouboulis served as the Chief, Office of Aeronautical Engineering, responsible for all aeronautical engineering and aviation logistics for the Coast Guard's 200 operational aircraft, \$345 million annual budget, 1500 member workforce, and \$1.4 billion aviation materiel inventory. His previous assignments include: Commanding Officer, Coast Guard Air Station Borinquen, Puerto Rico, where he led 244 active duty, civilian and Auxiliary members providing aviation services for Coast Guard missions in the Eastern Caribbean; Logistics Department Head, Air Station Executive Officer and Commanding Officer of Enlisted Personnel for Sector/Air Station Corpus Christi, TX, responsible for all logistics support for 15 outlying units along 350 miles of the Texas coast from Mexico to Port O'Connor, TX; Aeronautical Engineer at the Aviation Training Center in Mobile, AL; Product Line Manager for the C-130 Hercules Combat Search and Research (CSAR) Military Transport Aircraft at Coast Guard Aviation Logistics Center, Elizabeth City, North Carolina; Assistant Engineering Officer, Coast Guard Air Station North Bend, Oregon; Communications and Law Enforcement Officer, Coast Guard Air Station New Orleans, Louisiana; Flight Training, Naval Air Station, Pensacola, FL; and Operations and Deck Watch Officer, USCGC CONIFIR, Long Beach, CA. Rear Admiral Bouboulis flew as an operational pilot at all of his aviation field assignments and participated in the historic Katrina response. He has qualified in the H-65 (A, B, and C models), HH-60J, and HC-130 aircraft accruing over 4,000 total flight hours.

Rear Admiral Bouboulis graduated from the Coast Guard Academy with a Bachelor of Science degree in Civil Engineering in 1987. He earned a Master in Science degree in Aeronautical Engineering from Purdue University in 2000, maintains DHS Acquisition Program Manager Level II certification, and holds Private, Commercial Airplane, Helicopter, and Airline Transport Pilot licenses.

Honored Guests

Rear Admiral Edward M. Dieser, P.E.

ASSISTANT SURGEON GENERAL AND CHIEF ENGINEER
U.S. PUBLIC HEALTH SERVICE
NATIONAL CENTER FOR ENVIRONMENTAL HEALTH
CENTERS FOR DISEASE CONTROL AND PREVENTION AND
AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

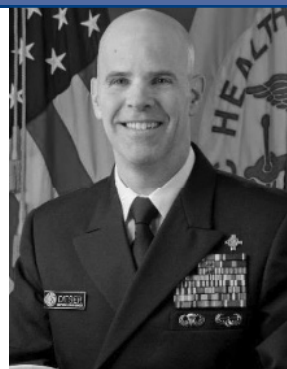

RADM Edward M. Dieser became the 14th Chief Engineer Officer of the U.S. Public Health Service (PHS) on January 1, 2018. As the Chief Engineer, RADM Dieser advises the Department of Health and Human Services (HHS) on policy, resourcing, staffing, and leading professional affairs for engineers and architects working in the HHS and serving in its Commissioned Corps. He will also be responsible for advising the Office of the Surgeon General on the recruitment, retention, training, readiness, deployment, and career management of the Corps.

RADM Dieser began his Commissioned Corps career in 2005 as a Lieutenant Commander with the National Institute for Occupational Safety and Health in the Emergency Preparedness and Response Office. His next assignment with the Center for Disease Control and Prevention (CDC) included service as CDC's Environmental Manager, Environmental Protection and Radiation Safety Team Lead, and wEnvironmental Management System Developer.

His most recent role was the Deputy Associate Director for Emergency Management, National Center for Environmental Health and Agency for Toxic Substances and Disease Registry.

Prior to joining the Commissioned Corps, RADM Dieser's career included seven years as a consultant and eight years as a Medical Service Corps Officer with the U.S. Army rising to the rank of Captain. He served in three positions, including the Chief of the Environmental Engineering Division, while assigned to the Center for Health Promotion and Preventive Medicine in Landstuhl, Germany, predecessor to the Army Public Health Center (Europe). He commanded the 172nd Medical Detachment (Preventive Medicine) at Hunter Army Airfield, GA and Fort Ord, CA. He was also the Interim Commander and Executive Officer for Company C, 232nd Medical Battalion at Fort Sam Houston, TX. RADM Dieser continued his service in the U.S. Army Reserve until 2003 as a Major.

RADM Dieser is a graduate of the University of North Carolina-Chapel Hill with a Master's of Science in Environmental Engineering and the University of Notre Dame with a Bachelor's of Science in Aerospace Engineering. He is a life member of the Society of American Military Engineers, the Interagency Institute of Federal Healthcare Executives, and is a licensed professional engineer (North Carolina). RADM Dieser draws inspiration and support from his wife of 20 years, Avril, and their two teenage children, Edward and Adèle.

Honored Guests

Lieutenant General Todd T. Semonite

54TH CHIEF OF ENGINEERS AND COMMANDING GENERAL
U.S. ARMY CORPS OF ENGINEERS

Lt. Gen. Todd T. Semonite assumed his position as Chief of Engineers and Commanding General of the U.S. Army Corps of Engineers (USACE) on May 19, 2016. As the Chief of Engineers, an Army Staff Principal, he advises the Secretary of the Army and other Principal Officials on matters related to general, combat and geospatial engineering; construction, real property, public infrastructure and natural resources science and management. As the USACE Commanding General, he is responsible for nearly 34,000 civilian employees and 750 military personnel who provide project management, construction support and science and engineering expertise in more than 110 countries. Prior to this assignment, Semonite established the Army Talent Management Task Force and served as its first director. In this role, he was responsible for reforming the way the Army acquires, develops, employs, and retains a talented workforce. Prior to those duties, Semonite was the commanding general for Combined Security Transition Command-Afghanistan, responsible for the building of the Afghan Army and Police through management of a \$13 billion budget to support a 352,000 individual force.

Semonite has previously served as the deputy chief of engineers and the deputy commanding general of the USACE, as well as commanding general of the USACE South Atlantic Division and North Atlantic Division. He also served as commanding general of the Maneuver Support Center, and as assistant commandant of the U.S. Army Engineer School. Other positions include: director, Office of the Chief of Engineers, Headquarters, Department of the Army; deputy commander, Task Force Restore Iraqi Electricity, and executive officer to the commanding general, U.S. Army Europe (USAEUR) and 7th Army. Semonite, a native of Bellows Falls, Vermont is a registered professional engineer in Vermont and Virginia. He graduated from the U.S. Military Academy and was commissioned into the U.S. Army Corps of Engineers in 1979. He holds a Bachelor of Science in Civil Engineering, a Master of Science in Civil Engineering from the University of Vermont, and a Masters of Military Arts and Sciences from the U.S. Army Command and General Staff College. He is also a graduate of the Engineer Officer Basic and Advanced Courses, the Combined Arms Services Staff School, and the Army War College.

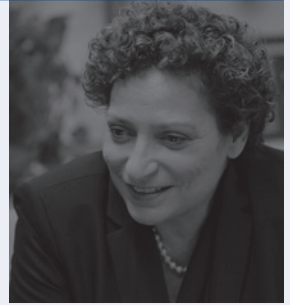

Semonite and his wife, Connie, have been happily married since 1982. The Semonites have four adult children and five grandchildren.

Public Owner of the Year

Veronique Hakim

MANAGING DIRECTOR
METROPOLITAN TRANSPORTATION AUTHORITY

The Metropolitan Transportation Authority is North America's largest public transportation network, serving a population of 15.3 million people within the 5,000-square-mile area extending from the five boroughs of New York City through Long Island, southeastern New York State, and Connecticut.

The MTA network includes the nation's largest bus fleet and more subway and commuter rail cars than all other U.S. transit systems combined. It provides over 2.6 billion trips each year, accounting for about a third of the nation's mass transit users and two-thirds its commuter rail passengers. MTA Bridges and Tunnels, which saw a record 310 million crossings in 2017, carries more vehicles than any other bridge and tunnel authority in the nation.

The MTA's provision of safe, clean, efficient public transportation is the lifeblood of the New York City area, one of the world's major economic hubs. It opens up employment opportunities for millions of area residents, linking them to jobs miles from their homes. It revives old neighborhoods and gives rise to new business corridors. It links millions of residents and visitors to cultural, educational, retail, and civic resources across the region.

Private Owner of the Year

Terry MacRae

CHIEF EXECUTIVE OFFICER
HORNBLOWER CRUISES

Since Hornblower Founder and CEO Terry MacRae purchased a small charter yacht business in 1980, the California-based company has focused on one mission: delivering premier, high-quality dining, entertainment and cruise experiences. Guests choose Hornblower Cruises & Events for vacations, weddings, corporate outings and private charters of any kind as well as for individual dining cruises and tourism excursions.

Today, the company cruises from seven California port cities and New York City. It also operates two National Park Service concessions with Alcatraz Cruises and Statue Cruises and recently began Niagara Cruises, in partnership with The Niagara Parks Commission, an Operational Enterprise Agency of the Canadian Ministry of Tourism, Culture and Sport.

Terry MacRae is the CEO of Hornblower Cruises & Events, Alcatraz Cruises, Statue Cruises, Hornblower Niagara Cruises and the co-founder of HMS Global Maritime. As CEO, he leads one of the fastest growing charter yacht, dining cruise and maritime hospitality companies in the nation. He is an expert in the design, renovation, construction and operation of luxury yachts, and a highly-regarded leader in the fine dining, entertainment and tourism industries.

Terry began his career as an environmental engineer with Industrial Clean Air, Inc. Quickly climbing the corporate ladder, Terry was named senior vice president and vice president of sales following the acquisition of Industrial Clean Air by Ecolaire Systems, Inc. During his time with Ecolaire, Terry looked for exciting and memorable venues for entertaining clients and soon began frequenting Hornblower Tours. When the company was offered for sale in 1980, Terry purchased it, seeing the potential to expand the business beyond the current offerings. By placing a great deal of importance on customer service, safety and teamwork, he grew the two-boat, 114-passenger operation to a 50-boat, multi-million company, hosting over 6,000,000 in 2011.

Terry is a graduate of California State Polytechnic University at San Luis Obispo with a Bachelor of Science degree in Mechanical Engineering.

He is a past president of the Passenger Vessel Association (PVA) and a current member of the joint U.S. Coast Guard/PVA Partnership Action Team. Terry serves as a Commissioner for the California Travel & Tourism Commission, which promotes travel to and within the state. He has also served as a board member of the San Francisco Convention and Visitor's Bureau and is a member of the Society of Naval Architects. Terry has received numerous awards for his leadership and dedication to the tourism industry from the California Travel Industry Association, the San Francisco Business Times, and others.

Designer of the Year

AECOM

AECOM is a global network of design, engineering, construction and management professionals partnering with clients to imagine and deliver a better world. From high-performance buildings and infrastructure, to resilient communities and environments, to stable and secure nations, our vision is to be the premier, fully integrated infrastructure firm.

Delivering clean water and energy. Building iconic skyscrapers. Planning new cities. Restoring damaged environments. Connecting people and economies with roads, bridges, tunnels and transit systems. Designing parks where children play. Helping governments maintain stability and security.

They connect expertise across services, markets, and geographies to deliver transformative outcomes. Worldwide, they design, build, finance, operate and manage projects and programs that unlock opportunities, protect our environment and improve people's lives.

Recent NYC projects include the iconic One World Trade Center, the tallest building in the Western Hemisphere standing 1,776 feet high. Its sheer size, geographic constraints and operational necessities make it one of the most complex projects ever built. One Vanderbilt is a world-class commercial office development in New York City. Upon completion, this supertall skyscraper will top out at 1,401-feet tall.

Contractor of the Year

JACK A. FROST

PRESIDENT AND CHIEF OPERATING OFFICER
TUTOR PERINI

From a family company to an award-winning industry leader, Tutor Perini Corporation has built its decades-long heritage on a foundation of intelligence, intensity and integrity. Those qualities — and an unceasing commitment to project success — have driven their evolution into a leading civil, building and specialty construction company focused on large and complex projects.

Tutor Perini's marquee Metropolitan area project is the \$1.41-billion design-build of the Terminal One project at Newark Liberty International Airport involving the design and construction of a new 1 million-square-foot, 33-gate domestic terminal with an open and modern layout. This Tutor Perini/Parsons Design-Build project also includes the N60 Frontage Road Bridge and a pedestrian bridge with moving walkways. In addition, the scope of work involves site clearing, an underground hydrant fueling system, the abatement and demolition of multiple buildings, structures, pavement, and utilities. Upon completion, this new terminal will be LEED Silver certified.

Jack A. Frost has served as President and Chief Operating Officer and as a Director since February 2015. In addition, since 2008 Mr. Frost has served as CEO of Tutor Perini's Civil Group. He originally joined the company's predecessor, Tutor-Saliba, in 1988. Prior to joining Tutor-Saliba, he spent more than four years in active duty military service with the United States Air Force. Mr. Frost studied engineering at the College of Southern Maryland, at Texas State University and at the University of Texas in Austin. Mr. Frost has gained extensive executive leadership experience in construction management and operations, overseeing numerous projects, including many of the Company's largest and most difficult building and civil projects.

Year In Review

September 2017 - August 2018

2017 – 2018 WAS ANOTHER GOOD YEAR FOR THE POST... ITS MEMBERSHIP GREW MODESTLY, AND IT USHERED IN A NEW ERA — HAVING HELD ITS FIRST SUCCESSFUL SCHOLARSHIP FUND DINNER DANCE AFTER MANY YEARS AT THE WALDORF ASTORIA, AT THE GRAND HYATT GRAND CENTRAL. FOR THE REMAINDER OF THE POST’S OPERATIONS, IT WAS “STEADY AS SHE GOES,” CONTINUING OUR MISSION, AS DEFINED BY OUR NATIONAL SOCIETY, TO LEAD COLLABORATIVE EFFORTS TO IDENTIFY AND RESOLVE NATIONAL SECURITY INFRASTRUCTURE-RELATED CHALLENGES. WE CONTINUE TO FULFILL THE MISSION THROUGH OUR VISION, WHERE WE SERVE AS THE MULTI-DISCIPLINED INTEGRATOR OF MILITARY, PUBLIC, PRIVATE, AND ACADEMIC NATIONAL INFRASTRUCTURE-RELATED CAPABILITIES TO PRODUCE VIABLE SOLUTIONS FOR AMERICA’S NATIONAL SECURITY. WE ARE PLEASED TO PROVIDE THIS BRIEF SUMMARY OF THE YEAR IN REVIEW.

MEETINGS AND PROGRAMS

- The Post kicked off its program year at the venerable and elegant Harvard Club where its first Regular Evening Meeting on Wednesday, September 27th, 2017 welcomed Mr. Vincent Sapienza, P.E., Acting Commissioner of the New York City Department of Environmental Protection. The 2017 – 2018 Officers and Directors were also sworn in at this meeting.
- The Post held its 77th Anniversary Annual Dinner-Dance for the benefit of the NYC Post SAME Scholarship Fund, Inc. on Saturday, November 4th, 2017, for the first time at its new venue, the Grand Hyatt Grand Central Hotel.
- The Post served as a co-sponsor to the Metropolitan Engineering Societies Council (MESOC) E-Week events, held Thursday, February 15, 2018 at District Council 37 (AFSCME AFL-CIO) HQ, 125 Barclay St. between. Greenwich and West Streets.
- Our Wednesday, February 21st, 2018 Evening Meeting at the Harvard Club featured Wahid Albert, Chief Engineer, New York State Department of Transportation, who talked about the multi-billion dollar DOT design and construction program.
- The Post co-sponsored the Mid-Hudson Technical Societies E-Week Event, held at Anthony’s Pier 9 in Newburgh, NY, on Tuesday, February 27th, 2018. Continuing education credits were offered at this event.
- The Post was represented, on Sunday, April 15th, 2018, at the Lower Hudson Valley Engineering Expo, held at White Plains High School. The event was a magnet STEM event for students interested in the field of STEM.
- Our Wednesday, April 25th, 2018 Evening Meeting at the Harvard Club featured Veronique Hakim, Managing Director, Metropolitan Transportation Authority, who discussed the extensive MTA construction programs and

provided a look at the future of regional transit in the New York area.

- The Post’s Young Member Committee provided the key support that allowed for yet another successful USMA Cadet Engineering Dinner, held at the US Military Academy, West Point, on Wednesday, May 2nd, 2018, to honor those Cadets from the U.S. Military Academy Class of 2018 entering the Army Engineer Regiment. The AEA once again co-sponsored the event with SAME.
- The Post, along with the NJ Post, concluded the season on a high note, with the Annual Joint Golf Outing, held at Picatinny Arsenal, on Monday, July 9th, 2018. Proceeds benefitted the Scholarship Funds of both Posts.

YOUNG MEMBER COMMITTEE

Since its inception in 1988, the Young Member Committee (YMC) has organized an array of activities, including professional development seminars, technical presentations, fund raising, and participation in regional and national SAME conferences. The YMC again rallied to do a superb job of managing the Post’s involvement in the Cadet Engineering Dinner at West Point.

Jeffrey Messinger of STV continued as Chair of the Young Member Committee

NYC POST—A 98-YEAR TRADITION OF EXCELLENCE

The venerable New York City Post of the Society of American Military Engineers, along with the National Society, celebrated its 98th year in 2018. The Post advances SAME’s objectives by uniting architecture, engineering, construction (A/E/C), facility management and environmental entities and individuals in the public and private sectors to prepare for—and overcome—natural and man-made disasters, and to improve security at home and abroad.

STRENGTH AND LEADERSHIP AND NETWORKING OPPORTUNITIES

Since its formation on October 4th, 1920 the New York City Post has been chaired by outstanding leaders in both the military and civilian arms of the STEM professions. Attracting professionals at all levels, it continues as one of the few organizations in the country in which principals of major firms and military/ government executives have an opportunity, on a continuing basis, to network with one another and exchange important ideas and developments.

At its full schedule of meetings, the New York City Post has continually hosted nationally and internationally renowned guest speakers who have shared their expertise and interest in national defense and infrastructure resilience, the advancement of engineering knowledge, and the science of military engineering. These skills have positively influenced an audience beyond the military community, carrying over to a wide range of projects designed to serve our Nation's general population.

AN ACTIVE MEMBERSHIP FOCUS

Traditionally, the New York City Post has avidly pursued and encouraged professionals in engineering, architecture, and construction, to become active members of the organization. In recent years, the Post has continued to attempt to expand its membership to contractors, environmental professionals, lawyers, insurers, and marketing and media professionals who specialize in SAME-related activities. Our ongoing efforts to present technical topics of pertinence to today's engineers, as well as the availability of Continuing Education Credits at many Post and Post partner events make the Post even more relevant to those who wish to remain up to date in STEM.

THE GOLD STANDARD OF SAME SCHOLARSHIP FUNDS—THE NYC POST SAME SCHOLARSHIP FUND, INC.

To inspire students to pursue engineering careers and to begin an early association with SAME, the New York City Post sponsors an extraordinarily successful scholarship program (described in detail within this report). It also supports adjacent student SAME Posts by regularly informing them of activities, and encouraging their participation in Post activities. With a principal balance, at press time, of around \$3.2 Million, and Scholarships awarded across 35 states, there is no equal among the SAME Posts in scholarship funds.

COMPLIANCE WITH SAME FINANCIAL GUIDELINES

The New York City Post of SAME and its Scholarship Fund comply with all of SAME's national financial guidelines. Each year, the finances of both entities undergo appropriate audits to assure that sound financial practices are being pursued. Both the Operating Account and the separately incorporated NYC Post SAME Scholarship Fund are IRS recognized, 501(c)(3) charitable organizations.

EMERGENCY PREPAREDNESS AND INFRASTRUCTURE RESILIENCE COMMITTEE

Our greatest challenge – and opportunity – rests in the Emergency Preparedness and Infrastructure Resilience Committee as it strives to meet and exceed SAME National metrics and guidelines. The devastation of recent Hurricanes in Texas, Florida, the Southeast, and Puerto Rico continue to remind us of the need to spawn improvements in construction practices and infrastructure resilience – residential to commercial to industrial. Suzanne DiGeronimo chairs this Committee, continuing to support relevant efforts to not just recover, but improve resilience so as to prevent future damage.

ENVIRONMENTAL AFFAIRS AND ADVANCED ENGINEERING TECHNOLOGIES COMMITTEE

The Environmental Affairs Committee proved to be a highly active Committee, through its cooperation and co-sponsorship of Green Building and Sustainability seminars, field trips, and other events in association with the USGBC, New Jersey Chapter. The DoD adoption of LEED standards in base construction provides our members who work with DoD with exposure to these standards through the Committee's activities, better enabling them to become partners with DoD in this ongoing and long term effort.

Scholarship Endowments

\$5,000 Or More "Name Scholarship" Endowments

At a special meeting in December 1963, the Board of Direction of the New York City Post (SAME) passed a resolution providing for "Name Scholarship" endowments. Endowing a "Name Scholarship" required a single gift of \$5,000 or more to the Scholarship Fund. Thereafter, for the life of the fund, one of the scholarships awarded each year bore the donor's name or the name of his designee. As of the end of 1968, 30 such scholarships were endowed. The scholarships, donors and dates are as follows:
